LAND, STOCK AND CROP

On account of the wheat market taking a sudden upward turn, flour on the local market has fallen into line and advanced also. Anderson & Spillman, the local millers, report an advance of 20 cents per cwt. and 40 cents per barrel on best patent. This will make the price at the local stores jump a little. The article has been selling at \$2.60 per cwt, but will be advanced to \$2.70 and \$5.40 per barrel. Barley went to 82 cents at Chicago this week, the highest known in twenty years. The report of the great damages being done throughout the country by the green bug is claimed to be responsible for the sudden turn. —Danville Advocate.

Early prices on spring lambs in Kentucky and Tennessee have been changed to a higher basis, according to late reports. For June and July picking it is now a 7 cent trade. Speculators are reported to be paying the price freely. It looks safe for June but is dangerous for July. Early contracts were made at 6 1/4-46 1/2 cents and those who got in on that basis are treading on velvet. In Virginia, also, contracts are being made at 7 cents. May picking will be scant as grass has been backward and growers are anxious to hold the stuff back to make it good. June will see the movement in full swing and it will be the heaviest since Kentucky and Tennessee became interested in lamb breeding. These lambs will fill in a gap between fed and western grass stuff and avert a famine. A year ago contracts were being made on a 6-cent basis and current high prices will doubtless have a stimulating influence on lamb production in the country south of Ohio and east of the Mississippi river.

Orino Laxative fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at Chas. C. Davis.

TRADE AT HOME.

We desire to give our readers ten good reasons, to our mind why the people of our city should do their trading at home. They are:

Because: You examine your purchase and are assured of satisfaction before investing your money.

Because: Your home merchant is always ready and willing to make right any error or any defective article purchased of him.

Because: When you are sick or for any reason it is necessary for you to ask for credit, you can go to the local merchant. Could you ask it of a mailing order house?

Because: If a merchant is willing to extend you credit you should give him the benefit of your cash trade.

Because: Your merchant pays local taxes and exerts ever effort to build and better your market, thus increasing both the value of the city and county property.

Because: The mail order merchant does not lighten your tax or in any way help the value of your property.

Because: The mail order merchant does nothing for the benefit of markets or real estate values.

Because: If your town is good enough to live in it is good enough to spend your money in.

Because: The best citizens in your community patronize home industry. Why not be one of the best citizens?

Because: If you give your merchant an opportunity to complete, by bringing your order to him in the quantities you buy out of town, he will demonstrate that, quality considered he will save you money. —Ex.

A NARROW ESCAPE.

G. W. Cloyd a merchant of Plunk, Mo., had a narrow escape 4 years ago, when he ran a jimson bar into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklin's Arnica Salve and that cured the dangerous wound." 25c at Chas. C. Davis' Drugstore.

Mrs. Nannie Whipple, sister of former United States Senator Ross, of Kansas, whose vote prevented the impeachment of President Andrew Johnson, has made a statement of what was told her by Senator Ross. He said he had been offered \$200,000 for his vote in that contest and his refusal to accept it spent years in abject poverty.

MY BEST FRIEND.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N.Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by Chas. C. Davis.

Gov. MORE NEWS FROM THE NEW ENGLAND STATES.

I anyone has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Williamstown, Conn., who, after almost losing hope of recovery on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. Chas. C. Davis.

THEY ALL LIKE JOE.

Honorable Joseph Bosworth, of Middlesboro, was here yesterday on business connected with the State Departments, which is said to have been in the interest of some of his numerous constituents.

Mr. Bosworth made many friends at the Capitol during his stay here last winter as Representative of the General Assembly of Bell county. He is a candidate for State Senator from his district, composed of the counties of Pulaski, Knox, Bell, Whitney, Rockcastle, Jackson and Laurel, and his host of admirers here hope that he will have no trouble in winning.

No Republican member of the last Legislature stood higher or accomplished more good for his people than Joe Bosworth. As chairman of the joint Republican caucus, he led the fight for his party, and when not jealously watching its interests, was engaged in looking after legislation which would be of benefit to his people of the mountains.

Inasmuch as this district, the 17th, is overwhelmingly Republican, no Democrats can hope to be elected so interest is created in the ranks of the opposite party that the Republicans of these seven counties have the opportunity to send such a deserving and capable Senator to represent them next year and one, than whom no one is better qualified to care for their interests and shape legislation for their benefit.—Kentucky State Journal.

Mayor Woods having made a call for a "Law and Order Conference" in Louisville, which call was widely indorsed and the conference set for this week was caustically criticized by the Mayor of Owensboro for issuing the call, the Owensboro official believing it to be unnecessary and something of a piece of foolishness. Mayor Woods immediately answered, attesting the value and power of such organizations, and concluded his reply as follows: "And now, Mayor O'Bryan, I wish to say that I have watched your course as Mayor with admiration until you threw your influence at your late election on the side of the breweries, distilleries and barrooms and all their train of evils I do not expect such advocates of these destructive agencies to approve the call issued for a "Convention of friends of Law and Order." The invitation was inadvertently mailed to you. Among all the citizens and officers of high and low degree, irrespective of politics, class or color, you are the only patriot in the bunch."—Ex

As a result of a horrible disaster on the coast line of the Southern Pacific railroad many bodies of a party of Mystic Shriners lie in the morgues at Santa Barbara, Cal., and scores are injured, many fatally. In answer to a correspondent regarding the reason for the ups and downs of the hog market the past few weeks, the Breeder's Gazette gives the following interesting reasons:

If it were possible to regulate the daily supply of hogs that packers could always purchase exactly what they needed and no more, prices would remain stationary or move within a narrow range all the year around; but it so happens that the movements is either a feast or a famine affair, a condition for which country speculation is to a large extent responsible.

May 25th has been set apart as Decoration Day at which time all the graves of the Confederate soldiers will be strewn with flowers, a beautiful tribute paid each year to the memory of the brave heroes who fought and died for the lost cause.

The Republican Committee, of this county met here Tuesday and called a primary for July 27th, to nominate a candidate for jailer to fill out the unexpired term of two years, caused by the death of L. L. Jarrett. The present jailer, O. V. Jarrett, serving under appointment, and W. M. Barnett are the only candidates.

Two or three years ago some tombstones were sent here to be placed to the graves of soldiers, which we suppose were furnished by the government. Some of those tombstones are still at the depot. It seems that it would be the proper thing for the local G. A. R. to take the matter in charge, see if the graves can be found, and if so, have the stones properly placed.

Hon. Joseph Bosworth, of Middleboro, candidate for State Senator from this district, was here Tuesday shaking hands with his Republican brethren. Mr. Bosworth served in the last legislature from this district, and considering the number of bills which he succeeded in passing, although the legislature was overwhelmingly Democratic, shows that he is a pretty good worker and able to handle his part of the swindle tree. Since the Seventeenth district can always count up so many more Republican than Democratic votes in an election, that we are compelled to have a Republican Senator, we want to see Mr. Bosworth land the plum. From what we have been able to gather, he will get the support of this county.

BE CAREFUL.—People mailing second, third and fourth class matter should be exceedingly careful not to include any writing unless first class postage is paid. Any package, papers or matter containing anything written is subject to first class postage. Post office inspectors are now making rigid examinations of the mails and fines have been imposed upon many Danville people during the past few months. Of course the people were unaware of any violation of the postal laws, but ignorance of the law is not considered a valid excuse by Uncle Sam.—Boyle county Herald.

Special Judge L. Frank Johnson has just returned from Mt. Vernon, where he presided for the past month on the bench of the Rockcastle Circuit Court under appointment of the Governor, in a number of cases in which the regular judge was disqualified. Mr. Johnson sat in court there previously, and each time he returns more than ever pleased with the little mountain town. He declares that never before has he met away from Frankfort such hospitable, whole-souled and lovable people as Mt. Vernon holds, and his stay there was most delightful. His association with the lawyers of the local bar was most agreeable, and other reports from there are to the effect that Judge Johnson made a splendid impression upon the legal lights of that county. The Commonwealth's Attorney is said to have asserted that he never served under a judge who suited him better. Mr. Johnson is said to have been offered election to the judgeship by Republicans and Democrats alike, if he would consent to make his home there.—Frankfort Journal.

In order to test a principal of law and ascertain if damages can be recovered on the value of property assessed to be the cause of a certain tax rate, Andrew Mitchell, of Keene, Monday filed suit in the court of Justice Sandusky against the L. and A. railroad company to recover \$100 damages for the alleged killing of his dog. Mr. Mitchell assumed that in as much as he is compelled to pay \$1 tax on his dog which is tax rate on property valued at \$100 he has the right to recover \$100 damages from the railroad company for killing his dog.—Jessamine News.
